

# 3 WAYS TO USE YOUR **LIONEL THE LEMON STUFFIE** IN THE CLASSROOM

1

We've found that kids feel comfortable opening up when they are holding something huggable. Let Lionel be an instigator of classroom conversation by using him as a talking stick!

2

Kindness is always worth rewarding. Send Lionel home for the night with (or let Lionel stay at the desk of) students who show kindness and respect towards their classmates.

3

Use Lionel as an indicator of classroom behavior. Place Lionel at your desk when the class as a whole needs a gentle reminder to show respect because Lionel is watching.
